and
the Developmental Disabilities Program

of the Department of Public Health and Human Services would like your input on what you consider to be the needs of the current service delivery system. The Department will use this information in its planning activities, and the Council will use your input in developing its next 5-Year Plan-of-Action (FFY2012-2016).

Specifically, we'd like your input around the following areas; education, employment, transportation, housing, recreation, health care, quality assurance and community inclusion.

*Your input is crucial to our work,
please plan on attending and share
your thoughts with us!*
